

BRIDGE-BUILDING

TASK

To construct a bridge of required size specification to carry maximum load from the materials given.

General Rules

- A team may comprise maximum of 3 members. A team may comprise members from different colleges
- The bridge should be built from materials below which will be provided by the organisers:
 - a. Ice cream Sticks
 - b. Glue
 - c. Cotton Thread
- Use of own scissors and cutters is allowed.
- It is mandatory to present your college id card at the registration desk while registering to participate
- An individual cannot be a member of more than one team. A bridge cannot be shared by two or more team.
- Adopting unfair means will lead to disqualification. The right spirit of participation is expected from every participant.
- Use of any other materials besides the above mentioned is prohibited.
- Decisions of the judges/coordinators are final. Judges/Coordinators hold the right to change the rules and guidelines without prior notification.

GAMEPLAY

- The minimum length of the bridge should be 20cm and minimum width of the bridge should be 5cm.
- A total time of 120min will be given to build the bridge.
- Judging will be done based on load bearing capacity of the bridge, and highest weight bearing Capacity Bridge will be declared victorious.
